## Seek & Find PDF Activity

# Where's Rudolph?

Santa may have lots of reindeer, but there's only one Rudolph. See if you can find Rudolph and his shiny red nose among all of the other reindeer in each picture scene. This seek and find activity can be used in all therapy settings. Happy hunting!

Ways to use this activity in a remote or brick and mortar therapy setting:

- Remote: screen share the PDF
  - While sharing in Adobe Reader use the annotation tools to circle the student's responses or if your teletherapy platform allows, share remote keyboard access and allow your students circle their responses.
- Brick and mortar: Print paper copies of the activity and complete with your students during their therapy sessions.

Goal Targets:

- OT: use an OT activity to target visual perception skills practice.
- Speech Therapy: Use to target prepositions and/or descriptive language.
